# It's Showtime!

**W.C. MCDANIEL** : It's 9:00 am Saturday, April 28. Do you know the whereabouts of Midsouth rockhounds? I do. They will be gathering at the Pipkin Building waiting for the 28th annual Mid-America Mineral, Fossil, Jewelry Show. As the doors swing open to the best show in the Midsouth, what will patrons see and be able to do? Let's find out by going on a tour.

Patrons start their show tour at the ticket/information booth. At this location they will purchase tickets, register for the Grand Door Prize of a 17 pound Arkansas quartz crystal cluster, purchase grab bags (a \$2 bargain), t-shirts, cookbooks, stickers, check out the hourly door prizes, and obtain information about the club. Leaving the booth they will head to the northwest section to check out dealers.

Dealers located in the northwest section include: McNeil Minerals (minerals), The Treasure Chest (jewelry, beads), GP Rock Co. (jewelry, beads), Boutwell Tumbled Stones (rocks, minerals), and B&J Enterprises (jewelry, minerals). Christopher's Crystal Mine (minerals

## PRESIDENT'S CORNER

**SANDY WARD:** *Greetings MAGS members and "Happy Spring" In spite of the thick layer of yellow pollen on everything, I love this time of year. I actually have strawberries growing out of the holes of my strawberry pot for the first time and I'm so excited! And speaking of excitement...back in January, I was contacted by Christian Brothers University regarding their wish to dispose of a mineral collection donated to them some years ago by one of our former members. This month I am pleased to announce that we have been successful in acquiring this collection for our club and hope to put it to good use in the future. We will take possession of the collection in May and hope to have some of the nicest pieces on display for "ooohing and ahhing" at the May membership meeting. With the show just weeks away now, we have plenty left to do this month and time is running out. If you haven't signed up to help at the show, please reconsider. It's fun and a great way to get to know your fellow club members as well as the vendors who come year after year and help us make our show a success. Surely most all of us can spare at least a couple of hours out of the 3-4 days it takes to set up and host this annual event. It's time to finish up any grab bags you're still working on. We'd like to have all those in our hands by the April membership meeting so bring them if you can. If not, let me (684-1819) or Jim Butchko (743-0058) know and we'll come by and pick them up when they're ready. See ya at the meeting.*

- Sandy Ward

### 2007 Dates to Remember

	Board Meeting	Membership Meeting	Due Date For Newsletter Submissions

June	5/31	08	May 23
July	05	13	Jun 27
August	02	10	Jul 25
September	06	14	Aug 29
October	04	12	Sep 26
November	01	09	Oct 24
December	06	14	Nov 28

## Announcements

### **VOLUNTEERS NEEDED**

The Show Volunteer sign up has been pretty slow. It is hoped that some of you are waiting to sign up at the membership meeting. Any time that could be donated to help out would be greatly appreciated. If you've never done it before, ask someone who has! It's fun to spend a few hours at the show socializing with other members and people watching!

### **SHOW GRAB BAGS**

Thanks to everyone who has made grab bags this year for the Show! It appears we surpassed our goal of 500, although we won't know by how many until they are all given to Jim for a final count. If you have made any grab bags, please make sure to get them to Jim at the membership meeting, or at least, by a week prior to the Show kick-off.

### **MAGS APRIL FIELD TRIP**

**DAVID DAY:** April's field trip is an easy drive to a site near Tupelo, MS where fossils such as Exogra Shells, shark and occasionally mosuaruar teeth, along with other associated marine fossils can be easily found. This trip to "Birmingham Ridge" will be April 21. More information will be available at the Club Meeting, April 13 or by Email. If you have collected at this site before, bring your favorite finds to share with everyone at the meeting and to encourage those who have not made this trip to come join us.

## March Roadcut

**W.C. MCDANIEL:** Roadcut takes a break from touring world class mineral and fossil sites to visit a local world class site, the Ronald McDonald House of Memphis. For the past several years the show has donated 25% of its admission income to the house. The 2007 show will continue that contribution. A tour of the facility and its purpose shows:

The Ronald McDonald House of Memphis is located at 535 Alabama a short distance from St Jude Hospital and just off Danny Thomas Blvd. The house serves as a home-away-from-home for 51 children and families. Each of these families has a very brave child who is battling cancer and is receiving treatment at St. Jude Children's Research Hospital. At the Ronald McDonald House, families can sleep in a warm bed, take a shower in their private bathroom and prepare and eat meals in a spacious, cheerful kitchen. Families, also, have access to a fitness room, meditation room, one of three laundry rooms, a park with playground, a basketball court, and a pavilion. More importantly, families find the support and comfort of others who share the experience of having a very sick child. All families stay free of charge. It has served 3,300 children and their families since it opened in 1991.

MEMPHIS ARCHAEOLOGICAL AND GEOLOGICAL SOCIETY  
28<sup>th</sup> annual Mid-America

# Mineral Fossil Jewelry Show

Sat. April 28 9-6 ❖ Sun. April 29 10-5  
Pipkin Building- Midsouth Fairgrounds

## DEALERS

1. Boutwell Tumbled Stones-Indiana
2. Stones and Bones- Georgia
3. Treasure Chest-Missouri
4. Austin Gems-& Beads-Arkansas
5. Larsen's Minerals-Texas
6. Butterflies by God- Missouri
7. Earthworks and Stones -Tennessee
8. McNeil Minerals-Mississippi
9. FossilMall -Arkansas
10. G.P Rocks –West Virginia
11. B& J Enterprises -Alabama
12. Gems and Crystals Unlimited- Georgia
13. Volunteer Gems-Tennessee
14. J.R. Rocks-South Carolina
15. Mineral House- Ohio
16. Javed's- Georgia
17. Janda Gems-Alabama
18. Mo- Rocks- Missouri
19. Blue Eagle- Arkansas
20. Rock Barrell-Tennessee
21. Carl's Slabs and Cabs-Georgia
22. Eagle's Nest-Mississippi
23. Custom Creations- Mississippi
24. Jim's Minerals -Tennessee
25. Sculptured Originals- Florida
26. HML-Alabama
27. Geode Gallery-Illinois
28. Carved Opal and Obsidian-Texas
29. Christopher's Crystal Mine -Florida
30. Becky's Beads- Mississippi

## GRAND DOOR PRIZE

**Large Quartz Crystal Cluster**  
Wegner Mines  
Montgomery County, Ark

## DEMONSTRATIONS

- Beth and David Day-Lapidary
- George Everett- Wire wrapping
- Richard Gunter- Flint knapping, Indian pottery
- Jerry Seamons- Beading

## EXHIBITS

- University of Mississippi
- Delta State University
- Mike Howard -Arkansas State geologist
- Memphis Stone and Gravel Company
- MAGS –rock food table
- Marvin Nutt- Mineral Find in Nonconah Creek
- WC McDaniel- “Spheres to You”
- Roger Van Cleef Education Program

## CLUB BOOTH

- Grab Bags(only 2 bucks a great bargain)
- MAGS- t-shirts, stickers, patches, cookbooks
- Door prizes every hour and sometimes more

## KIDS AREA

- Gem Dig -cost only \$.025 for a three minute hunt for rocks, crystals, fossils and special prizes. Best bargain and activity for kids in Memphis
- “Rocks Around the Clock”-spin for rocks
- Exhibits

# April Birthdays

The birthstone for April is diamond

- 30 Betty Marler
- 30 David Waddell

Diamond: Diamond is the hardest substance found in nature, but few people realize that Diamond is four times harder than the next hardest natural mineral, corundum (sapphire and ruby). Diamonds may be nearly any color in the rainbow. Diamonds are found in a type of rock called "Kimberlite", which comprises the core of certain volcanoes over especially thick portions of the earth's crust. This hard stone is mined and then crushed between giant steel rollers. The kimberlite is reduced to fine gravel, yet the extremely hard diamonds come out unharmed! Typically, a single carat of diamond is recovered from a ton of ore.

## MAGS MEMBERS THE SHOW NEEDS YOUR HELP VOLUNTEER NOW

✂✂SIGN UP TODAY✂✂

- ✓ **Sign up to work a specific shift and/or function**
- ✓ Distribute show announcements everywhere that is permissible
- ✓ Distribute club tickets
- ✓ Send emails announcing the show to all your friends, family, coworkers, other organizations and groups
- ✓ Place large posters in community areas
- ✓ Place announcements /news article in your work/club newsletter, scout troops, schools
- ✓ Donate material for the gem dig and grab bags

### Friday Night

1. Annual show dinner at 6:30 pm
2. You can help by bringing a dish or two
3. Arrive early to help set up and stay late to cleanup

### The show needs your help

- Thursday(26) - Building setup, stuff the grab bags
  - Friday(27) -Building setup for dealers and dinner
  - Saturday(28) , Sunday(29) - Volunteer to help with the Rockzone, front ticket desk/information, hospitality
  - Sunday night show breakdown
- Contact Jim or W.C. for specific needs/times**

## April SFMS Field Trip

### "Graves Mountain Rock Swap and Dig"

8 am to 6 pm, Friday, April 27, 2007  
8 am to 6 pm, Saturday, April 28, 2007  
8 am to 6 pm, Sunday, April 29, 2007

"MAGS is invited to field collect minerals at Georgia's premiere mineral location!"

The SFMS Field Trip Committee has been in contact with the caretaker in charge of Graves Mountain, Clarence Norman Jr., in regard to his plans to hold a three day dig and rock swap on the Mountain during April 27, 28, & 29, 2007. He will have the mountain open from 8 am to 6 pm each day. All participants must stop at the welcome table in the Hospitality tent to sign a liability release form and make a small contribution to defray the cost of opening the mountain and providing port-o-lets. There will be several golf cart type, four wheeled vehicles available to transport those participants who have trouble walking long distances. The dig will cease and everyone is expected to be off the mountain by around 6 pm each day. Participants will be allowed to park in a designated area on the mountain.

#### Rock Swap and Hot Food/Drinks:

Junior will set aside an area in the upper parking lot for tables to be setup for daily rock swaps. Anyone who would like to setup a table(s), please contact Junior at the phone numbers listed below. Hot food cooked on the grill, cold drinks and chips will be available for purchase on the mountain during all three days of these events. Don't forget to bring some extra money to buy the special "Graves Mountain Rock Swap and Dig" T-shirt! THESE DIGS ARE OPEN TO ALL SFMS CLUBS and the GENERAL PUBLIC!

Contact Information: Clarence Norman Jr. - 706.359.3862 (business) or 706.359.2381 (home)

**Directions:** From Atlanta's I-285, take I-20 east to the exit for Washington, GA SR 78 (SR 10, SR 17) and turn left. Travel north to Washington, turn right onto SR 378 and drive 11 miles to the Graves Mountain area. The entrance to Graves Mountain is on your right about 8/10 mile past the Lincoln county line sign. The entrance is a paved road that goes through a gate and up a hill. Please park along the access road and then proceed to the "Welcome Tent" at the end of the pavement to obtain a liability release form and to make a donation for the portable bathrooms, etc.

## 2007 Science Fair Winners

MAGS members Mike Baldwin, David Day, Matthew Lybanon and WC McDaniel judged the earth science entries in the 29th Annual Memphis/Shelby County Elementary Science Fair at the Mid-South Fairgrounds. The winners of the MAGS "Roger Van Cleef Outstanding Achievement in Earth Science" award are listed here.

[01] "A Cloudy Delimma! The Affects of Acid Rain on Rocks" • Mrs. J's Third Grade Class • Downtown Elementary

[02] "How Crystals Grow and Form"  
Thalia G and Sarah M • 4th Grade • Dexter Elementary

[03] "Topographical Mapping of a Mountain"  
Jason O • 5th Grade • Oak Elementary

[04] "Trash From the Past: A Study of Bottles"  
Trevin H • 5th Grade • Richland Elementary

[05] "Shake, Rattle and Roll: Earthquakes"  
Paul B, Marterrio J and Alaycia S • 6th Grade • Westwood Elementary

Congratulations to all the winners. Each individual winner received a certificate, 8 free admissions to the 2007 Rock Show and \$20 in Show Bucks. The class winners received 4 free Rock Show admissions each. The winning class teacher received \$10 in Show Bucks and the class received a certificate.

## April Adult Program

**"Ronald McDonald House of Memphis"** A representative from the Ronald McDonald House of Memphis will present a program about the house. Remember the show donates 25% of the admission proceeds directly to the house. See this month's Roadcut for more information

**"Exploring your Amber":** Members will have the chance to work with a piece of rough amber. Using sandpaper, brushes, water and a little elbow grease members will explore their very own piece of amber and hopefully make a wonderful discovery. We will ask members to make a \$2 donation toward the cost of the amber and materials.

---

## ***“It’s Showtime!” Continued from front page***

and rocks) returns after a one year absence, Carved Opal and Obsidian (minerals) did the show in the 1990’s and the Geode Gallery (geodes, minerals) will be making their first show appearance.

Continuing our tour, patrons will head to the southwest section and check out dealers: HML (decorative stoneware), Eagles Nest (minerals, petrified wood), EarthCrafts and Stones (fossils, petrified wood), Custom Creations-1 (jewelry, beads), Butterflies by God (fossils) - Larsen's Minerals (minerals), Jim’s Minerals (minerals, petrified wood), and first time dealer Custom Creations-2(jewelry, beads).

In addition to the dealers this section will contain most of our exhibitor’s, club demonstrators and club booths. Exhibitors include the University of Mississippi, Delta State University, Mike Howard of Arkansas –“Quartz from Around the World”, Memphis Stone and Gravel Company and the Geoclub- UT Martin. Club demonstrations include Beth and David Day-Lapidary, George Everett- wire wrapping, Richard Gunter- flint knapping, Indian pottery and Jerry Seamons- Beading. Mike and Sherri Baldwin will have a club booth and will feature florescent minerals.

Take a pause and visit the concession operated by Chuck. Also check out the club displays.

Heading to the southeast section patrons will see dealers Stones and Bones (fossils). Sculptured Originals (jewelry, beads), J.R. Rocks (jewelry, minerals), Carl’s Slabs and Cabs (minerals), Austin Gems& Beads (beads) and Rock Barrell (rocks and minerals)

Heading to the northeast section of the building patrons will find dealers Mo- Rocks(rocks, petrified wood), Janda Gems(jewelry), FossilMall(fossils), Gems and Crystals Unlimited(jewelry), Javeds Direct Gem Import(jewelry), Blue Eagle(minerals), Volunteer Gems(minerals), and Mineral House(minerals).

Did you count the number of dealers? There are thirty. Did you count the number of dealer tables? There are 224.

A couple of side tours include the Rockzone and the MAGS Rock food table. The Rockzone is devoted to kids and includes the best bargain(\$.25) in the Midsouth, a three minute gem dig loaded with rocks, crystals, fossils, minerals and marbles to turn in for larger specimens. Also the ‘Rocks Around the Clock’ returns for a spinning good time. The Rock Banquet is a table full of rocks and fossils that resemble various foods. Check out the Jade that looks like English peas, calcite that looks like cauliflower, Brazilian agate that looks like a T-bone steak and a full course of delectable delights.

For this tour to be successful and for the patrons to have a great time it will require an active and involved MAGS’ member. YOU. We need YOU to volunteer to work the ticket booth, or the information booth or the Rockzone. In addition, help is needed Thursday day and late afternoon to help organize the building and pack the grab bags. On Friday day continuing help with building organization is needed and Friday night pre and post show dinner help is needed. Stay around on Sunday night and help pack up the show and then you can go home and play with your new purchases.

## February 2007 Board Meeting Notes

**CAROL & MATTHEW LYBANON:** The MAGS Board of Directors met February 5 at the Blue Plate Cafe, 5469 Poplar Avenue. The meeting was called to order at 6:45 P.M. Those present: Sandy Ward, Carol Lybanon, Matthew Lybanon, Mike Cannito, David Day, W.C. McDaniel, Melissa Johnston, Ron Brister, Pam Gurley, Cathie Jacobs, Alan Jacobs, Mike Baldwin, Shelby Hartman, and James Butchko. The Secretary's minutes from the January Board and General meetings were reviewed. W.C. McDaniel moved to accept the amended minutes, Ron Brister seconded, and the motion carried.

**Treasurer's Report:** Mike Cannito reported that he established a new savings account in the amount of \$6,500. At this time he is the only person with signature authority on the new account. The Board decided that the same people who have signature authority on our checking account should have signature rights on the new account. Mike passed out signature cards to the appropriate people. W.C. McDaniel moved that the Treasurer's Report be accepted subject to audit. Ron Brister seconded the motion and the Treasurer's Report was approved.

**Field Trips:** David Day reported that he was overwhelmed with the amount of information he collected, but disappointed with the resulting number of field trip possibilities. February field trip: Austin Gem and Bead Warehouse in Walnut Ridge, Arkansas; guests are welcome. Other planned field trips: Crater of Diamonds (March), Birmingham Ridge (April), pyrite site (possibility for May). A question came up concerning which field trips were open to guests. The consensus was that guests are welcome on any field trip to a public place. Field trips to private property and DMC field trips are open to members only. Mike Baldwin reported that our club needs to plan a DMC field trip this year. **Newsletter:** Shelby Hartman asked that people keep up with the due dates for newsletter submissions. Sandy Ward asked that we all help Shelby by getting articles in on time. **Adult Programs:** W.C. McDaniel reported on upcoming programs. He will present February's program, on specimen cleaning. March and April are open. The May program will be on meteorites. **Children's Programs:** Melissa Johnston reported that the February program will be a special Valentine's Day program. The youth members will be painting rocks. **Membership:** Pam Gurley reported that we have membership applications for Neville Mayfield, Louis and Nancy Waddell, and Marilyn and Dave Shiffman. Mike Cannito brought up the subject of liability; a signed copy of the liability form should

accompany each application. This is not in the bylaws, and a prospective member might overlook the application's second page. Mike recommends that we should consider adding a bylaw change with wording that makes it clear that the liability form must be submitted with the application. The Board approved the current membership applications. **Show Chairman:** James Butchko reported that most of the dealers are returning for this year's show, and there are even a few new vendors. The Show meeting is this Thursday, February 8, at W.C. McDaniel's house. Original card designs must be submitted by February 7, and a design will be chosen at the committee meeting. Cards must be available by the March General Meeting. **Library:** Ron Brister reported that we are running out of space for our holdings. He suggests surveying the membership for their interests. He will prepare and distribute a written survey at one of our General Meetings. We could stop acquiring books in areas of little or no interest, and consider deaccessioning some material. He also thinks that our library is not serving the members well, since it is not used very much. Carol Lybanon recommended changing checkout and return procedures. Other Board Members agreed that we should change these procedures, and made a number of suggestions. A motion on procedure changes was postponed until the next Board Meeting, to give Board Members more time to consider the matter. **Rock Swap:** Cathie Jacobs asked for volunteers to host upcoming swaps. Carol Lybanon suggested there should be some change in rock swap events, since attendance is dropping. Some suggestions were: let more people know what goes on at a rock swap, make them real rock swaps rather than just opportunities to buy and sell, and consider changing the format in some way. **Old Business:** W.C. McDaniel handed out copies of the MAGS Lapidary Program Survey. Mike Baldwin needs judges for the elementary school science fair on February 27 at the Fairgrounds. Awards will be handed out March 6 at the Pink Palace. **New Business:** Mike Cannito has received an old box of "treasurer stuff." Cathie Jacobs, as club Historian, will take the box and go through it to see if it contains anything she can use. Mike Cannito wants to consider adding the waiver of liability (discussed during the Membership committee report) to the bylaws. Sandy Ward received a letter from Christian Brothers University stating that the large mineral collection of former MAGS member Frank Theobald was archived there. The university would like to dispose of this collection. The Board asked Sandy to call the university to see if they would consider donating it to MAGS, or if not, to find out how MAGS could acquire it. She will call the university for an appointment, so she and W.C. McDaniel can assess the collection. Dr. Alan Schaeffer offered to donate the printing of our minutes for 2007. He asked that a small logo be inserted at the bottom of the page. The Board agreed.

The meeting was adjourned at 7:40 P.M.

## February 2007 Membership Meeting Minutes

**CAROL & MATTHEW LYBANON:** The MAGS Membership Meeting was held at Shady Grove Presbyterian Church on February 9, 2007, Sandy Ward presiding. The meeting was called to order at 7:32 P.M. 58 members and 7 visitors attended. Visitors: Jim Williams, Nicholas Fiser, McKayla Cusker, Brittany Mangum, Walter Davis, Betsy Feuerstein, and Phillip W. Eglsaer. There were no special announcements. Sandy called for David Day's **Field Trips report**. Tomorrow there will be a field trip to the bead warehouse in Walnut Ridge, AR. Plans are being formulated for the March field trip to Crater of Diamonds. David wanted to know if the weekend of March 10 or March 17 would attract more people, so he asked people to sign up for the preferred weekend. **Library report.** Ron Brister passed out a survey and asked that people fill them out and return them tonight. The purpose is to make the library more useful to our members. **Sunshine report:** Barry Burns is making progress in his recovery. **Treasurer's report:** Mike Cannito stated that everything was fine. James Butchko reported on the **April show**. Sherry Baldwin won the design contest for the postcard. Thirty dealers are participating in the show, including three new dealers. James wanted everybody to know that there are still a few tables available for members. There was no further business, so the microphone was turned over to W.C. McDaniel for the program: Cleaning Specimens. The program was very informative because it focused on cleaning the types of specimens that the club collects. W.C. prepared an information sheet that everybody could take home. There were two adult displays and no youth displays. David Day's display consisted of hand-carved hearts and a Mexican wrapped necklace. Lou White's display consisted of shark's teeth collected at Twenty Mile Creek near Frankstown, MS. The vote was a tie, so both displays were awarded prizes. Kris Helms and Evelyn Carrico won the member door prizes. Brittany Mangum took home the visitor door prize.

The meeting was adjourned at 9:15 P.M.

*Our condolences go out to the Sanford family for the loss of member Janice Sanford. Our thoughts and prayers are with you.*

*Aso, Nelson Eddlemon, a MAGS member and father of Sherida Helms died Mar. 27, 2007 and our sympathies go out to Sherida and her family.*

*Our thoughts go out to member Barry Burns for his upcoming surgery. We'll be happy to see him up and out rock hunting again soon.*

*(To supply reports of members for the sunshine report, please contact Pam Gurlley at 324-7235.)*

### YOUTH GROUP REMINDER

Bring your baskets!! We are going to have a very unusual Easter Egg Hunt!!

See you there!!

- Melissa

The main purpose of Memphis Archaeological and Geological Society is to promote and advance the knowledge of the Lapidary Sciences in the mining, identification, cutting, polishing and mounting of gems, minerals and fossils to the utmost of our geological and lapidary capabilities.
